

Seatbacks and Traytables

Fountains Of Wayne

Seatbacks and traytables up
Stow your newspapers and cups
We're about to touch down
Midwestern town through the haze
Customs a massive expanse
And I'm digging into my pants
Is this Oklahoma
I remember this place Trade one town for another
Delayed
Now why did we bother
An X on the calendar square
New city, same stuff
Seatbacks and traytables up
Seatbacks and traytables up Seatbacks and traytables please
Suddenly I can't feel my knees
Second-run movies
In-flight shopping magazines
Wheezing the air up there
Got me a backache somewhere
Is that Santa Barbara II think I've
I been there Trade one town for another
Delayed now why did we bother
An X on the calendar square
New city, same stuff
Seatbacks and traytables up
Seatbacks and traytables up
