

# We Just Havent Met Yet

Russ

[Chorus]

Baby I'm amazed by you  
We just haven't met yet  
I get lost in a maze with you  
We just haven't met yet  
We just haven't met yet  
We just haven't met yet [x2][Verse 1]  
You're probably out wildin' with your friends right now  
That's fine girl me too  
I been at the booty club four times this week  
Damn I need you  
Wonder whats your vibe, what you look  
What you smell, what you taste, what you fuck like  
I don't care about any wrongs in your past  
I just care if you love right  
I think I fell in love with you  
We just haven't met yet  
I would drop my hoes for you  
We just haven't met yet

[Pre-Chorus]

Couple tickets in the holster  
I would fly you out right now just let me know  
Who you are, what you want, when you want it  
Why you want it, how you want this to go[Chorus]

Baby I'm amazed by you  
We just haven't met yet  
I get lost in a maze with you  
We just haven't met yet  
We just haven't met yet  
We just haven't met yet [x2][Verse 2]  
My momma set the bar so high  
I won't lie though you coming real close  
I like that you care about real life shit  
Not eyebrows and clothes  
I like that you gotta lotta bodies  
You a freak but that's all in the past  
I like that you gotta good brain good morals  
Its not all in the ass  
I'd get on one knee for you

We just haven't met yet  
Were perfect for each other i swear  
We just haven't met yet[Pre-Chorus]  
Couple tickets in the holster  
I would fly you out right now just let me know  
Who you are, what you want, when you want it  
Why you want it, how you want this to go[Outro]  
Baby I'm amazed by you  
We just haven't met yet  
I get lost in a maze with you  
We just haven't met yet  
We just haven't met yet  
We just haven't met yet [x2]
