

Christmas In the Air

Carole King

Christmas in the Air
A woman's gotta make her own
If this Christmas I'm alone
Will not hang no tear drops on my tree
My reindeer's taken flight
Here on this starry night
I can feel the sky beneath my feet
I do not wanna wait for Santa Claus
Cause I can celebrate like just because
When every day's a gift I get to open up
Anytime out of the year
It's Christmas everywhere
It feels like Christmas in the air
I'll throw away my cares
Cause it's Christmas in the air
Walking to Central Park
Making drum beats on guitars
The kind of fun you get for free
Even when my heart's in pain
No mistletoe to hang
I've got my own sweet symphony
I do not wanna wait for Santa Claus
To feel my heart with joy and peace and love
When every day's a gift I get to open up
I can see the world from here
Peace and joy
Love and hope
Peace and joy joy joy
Peace and joy
Love and hope
Peace and joy joy joy
I know what I'm gonna do
Gonna turn up the music now oh yeah
I'm ringing in the new
Singing away the blues
Gonna make it through somehow through somehow
It's Christmas everywhere
It feels like Christmas in the air
I'll throw away my cares
Cause it's Christmas in the air
It's Christmas everywhere
Christmas in the air Everywhere
It's Christmas everywhere
It feels like Christmas in the air
I'll throw away my cares
Cause it's Christmas in the air
It's Christmas it's Christmas it's Christmas
