

Dancing On Your Grave

Reactive Black

The moon still throws his light on me
And the stars are twinkling bright
I see clouds high up in the sky
And I know, I was fucking right
I never changed my point of view
This pain was hard to feel
But now youâ€™re dead and gone forever
Iâ€™m dancing on your grave

Dance Dance Dance
Dance with me
Iâ€™m dancing through the night
Dance Dance Dance
Dance with me
Iâ€™m dancing on your grave
Dance Dance Dance
Dance with me
Iâ€™m dancing through the night

Dance on your
Dance on your
On your grave tonight

Iâ€™ve lost my dreams, Iâ€™ve lost my fears
Remembering just memories
I took my strength out from the nights
My only friend was hate
So I never changed my point of view
And this was hard to feel

Yeah, forever dead and gone
Now Iâ€™m dancing on your grave

On your grave
On your grave
Iâ€™m dancing on your grave
