

Rock & Roll Feeling

Styx

Written by james young, john curulewski

Lead vocals by james young

Well I've got this crazy feeling

It's a sickness in my soul

Well I can't play no 9 to 5 games

Hangin' loose is all I know

I get a buzz when I think about ya

Riding high's where I belong

Gonna get my things together

So if you want come on along

It's a good feeling

It's a rock and roll feeling

It's a good feeling

It's a rock and roll feeling

Yeah yeah yeah

Well you know that I am coming

And I'm already on my way

So baby don't you worry 'bout tomorrow

You know it seems like a month away

Well we got here just this morning

And we're goin' at the light of dawn

Well we've only got a short time

So mama won't you keep things going strong

It's a good feeling

It's a rock and roll feeling

It's a good feeling

It's a rock and roll feeling

Yeah yeah yeah

Yeah yeah yeah

[guitar solo]It's a good feeling (good feeling)

It's a rock and roll feeling

It's a good feeling (good feeling)

It's a rock and roll feeling

It's a good feeling (good feeling)

It's a rock and roll feeling

It's a good feeling (good feeling)

It's a rock and roll feeling

It's a good feeling (it's a good good feeling)

It's a rock and roll feeling
It's a good feeling....
