

Lie To Me

Jojo

Acting like you don't want this love
Cause lately I don't see you around
Feeling suspicious, oh
It's like somebody else is laying you down, down, down
Don't wanna live without you bay-abe
I'd rather play the fool and ignore intuition
A lot of girls would just walk away,
But I'ma stay in toe and play my position
Even if you're giving all my love away-away-away, Lie to me
Cuz you know that I'm in love with you baby-bay-bay, Lie to me
I know living with the truth would only drive me crazy, Lie to me
Lie to me, lie to me
It's my decision, oh
In competition with the chicks on the side
I'm on a mission, yeah
It's sick but I believe in love over pride
Don't wanna live without you bay-abe
I'd rather play the fool and ignore intuition
A lot of girls would just walk away,
But I'ma stay in toe and play my position

Even if you're giving all my love away-away-away, Lie to me
Cuz you know that I'm in love with you baby-bay-bay, Lie to me
I know living with the truth would only drive me crazy, Lie to me
Lie to me, lie to me
Now I know what it means when they say
Ignorance is bliss
I'ma make it impossible
For any girl to keep with my tricks
You can do your thing, I know, just keep it on the low
If you feeling guilty baby, just keep lying to me
And I'ma do the same, and I had to play the game
No I won't ever complain
Just keep lying to me
Lie to me, lie to me, lie to me, lie to me, lie to me
Lie to me, lie to me, lie to me, lie to me, lie to me
Even if you're giving all my love away-away-away (1, 2, 3 OWW!)
Cuz you know that I'mm in love with you baby-bay-bay, Lie to me
I know living with the truth would only drive me crazy, Lie to me

Lie to me, lie to me
Even if you're giving all my love away-away-away, Lie to me
Cuz you know that I'm in love with you baby-bay-bay, Lie to me
I know living with the truth would only drive me crazy, Lie to me
Lie to me, lie to me
