Long

Lotion

Comrades bond
This day will be long
Don't blame me your losses
Gain what he gave
'Cause we blame him for having right
Anyone lose a God
And I found a GodRaise that question that's given him
Ponder his answer, it's bleeding clean
And they rhyme, you've hidden in
Won't keep long'Cause we blame him for having right
Love me wonders of light
Reasons I'll ask, you'll know why
As sure as I'm here, you'll know why
But if he won't leave me out in the cold
See how the sparrows get fed from our LordDraw closeRaise that question that's given him
Ponder his answer, you're bleeding clean
And they rhyme, you've hidden in
Won't keep longYeahDon't you won't nothing else
Won't like you hold me
Close, close
Close, close
