I've Got a Knife

Black Lips

I've got a knife tonight
I've got a knife tonight
I've got a knife tonight
I've got a knife tonightI see that girl (see that girl)
And look my way (look my way)
I see that girl (see that girl)
Can cut away (cut away)I've got a knife
I've got a knife
I've got a knife
I've got a knifeI see that boy (see that boy)
And look my way (look my way)
I see that boy (see that boy)
Can't cut away (cut away)
