Evil Blues

Washboard Sam

Yes, yes
Worst feelin' I ever had
Yes, yes
Worst feelin' I ever had
These old evil blues
Have treated me awful badI had the blues all night
I'll be glad when mornin' comes
I've had the blues all night
I'll be glad when the mornin' comes
I'm gonna have a talk with some gypsy
See what evil have I donePlay it one time, boyThese old evil blues
Have been followin' me all this week
These old evil blues
Have been followin' me all this week
I can't rest at midnight
And day, I just can't sleepTake it boy, take itDown in old Death Valley
Tombstones and old dry bones
Down in old Death Valley
Tombstones and old dry bones
These old evil blues keep followin' me
Death Valley gonna be my home
