Somewhere Tonight

Highway 101

Somewhere tonight he's a live wire
He's got his sights on someone new
Somewhere tonight he's a high flyer
And I'm so lonesome, I don't know what to doI bet he's out there shinin' like a diamond don't you know
Turnin' heads, breakin' hearts and puttin' on a show
Rollin' like a summer storm driftin' with the wind
And I just wish he'd blow my way againSomewhere tonight he's a live wire
He's got his sights on someone new
Somewhere tonight he's a high flyer
And I'm so lonesome, I don't know what to doI've read that goodbye letter, at least a thousand times
He said, "I was the only one who almost changed his mind"
But better homes and garden parties they weren't his cup of tea
Somewhere tonight he's runnin' wild and free
