

# Half Past Dead

## Overkill

No wasted  
No wanting the can't have  
Untasted  
Seems everything I have Yeah ready  
Heard everything you said  
I'm steady  
Even though it's half past dead Welcome to the unforgiving  
Fraternity of pain where  
The lines remains uncrossed  
Are entertained Greetings from the other side  
Where all has gone array here  
But in all honesty takes me away  
There See your new Jerusalem  
In saturated red  
Commencement of the requiem  
Begins at half past dead  
Half past dead Welcome to the humiliating  
Theater insane where  
Our daily theme  
Is always inhumane here  
Rebuild your shattered castles  
From ashes to the sky  
Pick-up your fallen icons  
Where they lie,  
There See your new Jerusalem  
In saturated red  
Commencement of the requiem  
Begins at half past dead  
Half past dead All eyes front and looking toward the sky  
Better then I do  
One step up if you're not afraid to die  
Better then you do Violent movement spawns brutality  
Better then I do  
Charging out into infinity  
Better then you do Peace comes to the war inside my head  
Better then I do  
Peace comes late, the clock strikes  
Half past dead
