

Imitation of Love

Dr. John

We do the things that lovers do
Like you kiss me and I kiss you
We say the things that lovers say
Like I'm never ever goin' away We don't feel the things that lovers feel
You can't fake a feelin' and make it real
It's just an imitation, an imitation of love We had it all, well, I broke your heart
We were too weak to stay apart
I didn't mean to treat you so mean
[Incomprehensible] We don't feel the things that lovers feel
You can't fake a feelin' and make it real
It's just an imitation, an imitation of love Oh sure, yes oh We don't feel the things that lovers feel
You can't fake a feelin' and make it real
It's just an imitation, an imitation of love Yeah, yeah, yeah, yeah, yeah
It's just an imitation, an imitation of love
