

# U Say, I Say

## Ashanti

You say I say, you say I say  
You say I say, but now you're  
Out there playin' games  
I know that you will never change  
You say that you love me  
But you still be wylin' out  
All of this yellin', all of this fussin'  
Over just nothin', in my house  
I pray to my savior and hope he will just help me out  
'Coz all this confusion got me just bluesin'  
I know what I should be doin' now  
I can't lie, I don't wanna waste no more time  
I can't see why? You never try to do me right  
I can't lie, I don't wanna waste no more time  
I can't see why? You never try to do me right  
You say that you love me  
I say that I love you  
You say we don't ever have to fight  
I say I don't ever wanna cry  
You say you will never play the field  
I say, I will always keep it real  
But now you're out there playin' games  
I know that you will never change  
I try to be patient  
To see if you could figure out  
With all of your lyin', all your denyin'  
I can not keep you around  
You know that I love you  
It's gonna hurt me to see you leave  
I can't go through bein' misused  
'Coz you know that that ain't me, yeah  
I can't lie, I don't wanna waste no more time  
I can't see why? You never try to do me right  
I can't lie, I don't wanna waste no more time  
I can't see why? You never try to do me right  
You say that you love me  
I say that I love you  
You say we don't ever have to fight  
I say I don't ever wanna cry

You say you will never play the field  
I say I will always keep it real  
But now you're out there playin' games  
I know that you will never change  
Call with whatever 'coz it's been so long  
All this nonsense you're doin' only made me strong  
But if we stay together there's got to be some change  
I don't even wanna hear another call your name  
Call with whatever 'coz it's been so long  
All this nonsense you're doin' only made me strong  
I don't think we'll be together 'coz you'll never change  
Already stuck inside your ways, you'll always be the same  
You say you really love me  
I say I really love you  
You say we don't ever have to fight  
I say I don't ever wanna cry  
You say you will never play the field  
I say that I will always keep it real  
But now you're out there playin' games  
I know that you will never change  
Yeah yo', Ashanti INC
