

Let's Get High And Watch Planet Earth

Watsky

Why don't we get high and watch Planet Earth?Planet Earth, Planet Earth
Watch it spin, watch it spin

You and me, planet earthAnd yes, yes, let's let's let's get some takeout

Press our hearts together like when kids make Barbies make out

Let's make out, no toothpaste

I only want to know how you taste

We don't need to tie no shoelace

And we don't need to pack no suitcase

To, to find a new place. Let our moment linger

We'll weave our hands together and then kiss this braid of fingers

Until the whisper, whisper of time's undying rivers

Come decorate our skin with crow's feet, spider-veins and fissures

But we won't cry, we won't cry, we'll step into that cyclone

Together when we're blinded and our minds erode like limestone

And all we can remember is how we make each other feel, thenWhy don't we get high and watch Planet Earth?
