

# Endless Summer

## Cascada

It feels like paradise  
The world is closin' in  
It feels so right  
I start to fantasize  
Of what we're getting in  
'Cause now you're mine  
This is our time  
It's an endless summer  
Boy, I want you close to me  
In an endless summer  
We'll make love and we'll be free  
It's an endless summer  
Boy, I want you close to me  
In an endless summer  
Now it's time for you and me  
Endless summer  
My heart beats stronger now  
Now you're by my side  
I'll hold you tight  
Please let me show you how  
We'll grab a ray of light  
'Cause now you're mine  
This is our time  
Endless summer  
Boy, I want you close to me  
In an endless summer  
We'll make love and we'll be free  
It's an endless summer  
Boy, I want you close to me  
In an endless summer  
Now it's time for you and me  
Endless summer
