

# I've Told You Now - Live At St Pancras Old Church,

[Sam Smith](#)

You know what i mean, it's like walking in the heat all day with no water  
It's like waiting for a friend watching everybody else meet theirs on that corner  
or losing in an argument although you're right cant get your thoughts in order  
Bridge:  
still I refrain, from talking at you, talking on, you know me well, I don't explain but what the hell  
Chorus:  
why do you think i come round here on my free will?  
wasting all my precious time  
Oh the truth spills out, Ooh all I've told you now you know what I mean  
although i try my best I still let down the team you're everything i want  
Why should i resist when you are there for me?  
Bridge  
Chorus  
I've told you now x 3  
Bridge  
Chorus
