Hurry up where the gates at
She ain't nothin' I can't cake that
This is only where the apes at
All you lame niggas stay back (Move)
Switchin' lanes in the Maybach (Skrt)
Hit a motor like a play back
Brand new Rollie and the face blackI fuck on your baby mama

Let's fuck on your baby mama
I wanna fuck on your baby mama
Some head from your baby mama
I need some brain from your baby mama
