Engine Room

Intelligentsia

Stuck in a holiday
Far into the river
Sick of the flower rhymes
Come now and hold our hands
The safe haven for our friends
Dancing in the corner
Hide in the engine room
There to keep us warmer

Tickets were six pounds
Photography forbidden
Wrapped up safe and sound
Your actions are forgiven

Stuck in a holiday
Far into the river
Sick of the flower rhymes
Come now and hold our hands
The safe haven for our friends
Dancing in the corner
Hide in the engine room
There to keep us warmer

The safe haven for our friends
Dancing in the corner

How do birds find their way?
