

Heaven In My Eyes

Jaheim

Yeah, I'ma take this one here
To the streets, baby
Feel me? Heh, ohh When I look in your eyes
(I can see it in your eyes)
Can't believe you're mine
(No, no, oh, no)
Let's just take our time
(Baby, let me take my time, oh yeah)
Your love's just like heaven in my eyes Chillin' in the parkin' lot deep
Hit her, we meet on 21st street, what
You know how we loves
When the weekend rolls around
That's how we put it down Listen now, you were on your way to your car
You don't like them bugs that be hangin' in the bar
Lookin' so cool, but casual, fly, sexual Miss
You know I had to back this girl When I look in your eyes
(I can see forever, baby)
Can't believe you're mine
(Out of all the lovers in the world)
Let's just take our time
(Ain't no doubt, ooh wee, baby, yeah)
Your love's just like heaven in my eyes It's hot on the boulevard
Ice shinin' high, in your baby blue drop
Puttin' weight on them haters, baby
You're the baddest girl on the block
Had all the hustlas over from the park to the sweet spot They don't know your style
All the things I do girl, I'll put in my while
I'll be the man that will spoil you with diamonds galore
A ring with the stone, a child in a home, girl When I look in your eyes
(No, I can see forever, baby)
Can't believe you're mine
(Out of all the lovers in the world)
Let's just take our time
(Ain't no doubt, oh wee, baby, yeah, yeah)
Your love's just like heaven in my eyes When I look in your eyes
(I can see forever, baby)
Can't believe you're mine
(Out of all the lovers in the world)
Let's just take our time

(Ain't no doubt, oh wee, baby, yeah, yeah)
Your love's just like heaven in my eyesAin't no doubt about it
I just can't get around it
And every time I think about it
Your love is like heaven in my eyesAin't no doubt about it
I just can't get around it
And every time I think about it
Your love is like heaven in my eyesWhen I look in your eyes
(I can see forever, baby)
Can't believe you're mine
(Out of all, out of all the lovers)
Let's just take our time
(Ain't no doubt, oh wee, baby, yeah)
Your love's just like heaven in my eyesAin't no doubt about it
I just can't get around it
And every time I think about it
Your love is like heaven in my eyesAin't no doubt about it
I just can't get around it
And every time I think about it
Your love's just like heaven in my eyes
