

# Better Days

Janet Jackson

I used to sit and wonder  
Would I ever be happy?  
Life was so bitter sweet  
So many disappointments  
Too many ups and downs for me  
When you live a nightmare  
It's hard to dream But sometimes life just isn't fair  
So why complain nobody cares?  
And I don't wanna waste nobody's time  
So I'm (Papaa papaa paaa)  
I'm 'bout to change my vibe  
(Papaa papaa paaa)  
Today the sun's gonna shine  
(Papaa papaa paaa)  
'Cause I made up my mind  
That today will be the start of better days  
(Papaa papaa paaa)  
Leavin' old shit behind  
(Papaa papaa paaa)  
And move on with my life  
(Papaa papaa paaa)  
The blindfold's off my eyes  
And now all I see for me is better days Afraid of my reflection  
Tell me that's not me I see  
That's who I wanna be  
Stuck somewhere in the middle  
On half full or half empty  
Waitin' for somebody to come and rescue me Can't let that pretty attitude  
Start to jade my point of view  
Only thing it does is bring me down  
So I'm (Papaa papaa paaa)  
I'm 'bout to change my vibe  
(Papaa papaa paaa)  
Today the sun's gonna shine  
(Papaa papaa paaa)  
'Cause I made up my mind  
That today will be the start of better days  
(Papaa papaa paaa)  
Leavin' old shit behind

(Papaa papaa paaa)  
And move on with my life  
(Papaa papaa paaa)  
The blindfold's off my eyes  
And now all I see for me is better daysHurt so many times before  
I used to cry but no more  
Just let it go and life can feel  
So good  
Stop livin' the bluesCan't let that petty attitude  
Start to jade my point of view  
Only thing it does is bring me down  
So I'm(Papaa papaa paaa)  
I'm 'bout to change my vibe  
(Papaa papaa paaa)  
Today the sun's gonna shine  
(Papaa papaa paaa)  
'Cause I made up my mind  
(Papaa papaa paaa)  
That today will be the start of better days  
(Papaa papaa paaa)  
Leavin' old shit behind  
(Papaa papaa paaa)  
And move on with my life  
(Papaa papaa paaa)  
The blindfold's off my eyes  
And now all I see for me is better days(Day yea)  
I'm 'bout to change my vibe  
(Better day yea)  
Today the sun's gonna shine  
(Better day I made up my mind)  
'Cause I made up my mind  
(Better day yeah)  
That today will be the start of better days  
(Better day yea)  
Leavin' old shit behind  
(Better days yeah)  
And move on with my life  
The blindfold's off my eyes  
And now all I see for me is better daysI'm 'bout to change my vibe  
(Day yea)  
Today the sun's gonna shine  
(Day yea)  
'Cause I made up my mind  
(Day yea)  
That today will be the start of better days

(Day yea)  
Leavin' old shit behind  
(Day yea)  
And move on with my life  
(Day yea)
