

# Human

## Civil Twilight

There's one way out  
There's one way in  
Back to the beginning  
There's one way back to home again  
To where i feel forgiven

What is this I feel?  
Why is it so real?  
What am I to say?

It's only love  
It's only pain  
It's only fear  
That runs through my veins  
It's all the things you can't explain  
That make us human

I am just an image of  
Something so much greater  
I am just a picture frame  
I am not the painter

Where do I begin?  
Can I shed this skin?  
What is this I feel within?

It's only love  
It's only pain  
It's only fear  
That runs through my veins  
It's all the things you can't explain

That make us human  
That make us human  
That make us human

oooohhh

It's only love  
It's only fear

It's only fear  
That runs through my veins  
It's other things you can't explain

That make us human  
That make us human  
That make us human  
ooh that make us human.
