### Luminous Lyrics

We see the day trying to fight it  
It's all in vain, cause we know the  
    night wins  
But we don't care, we'll fight it  
    up like a flare  
It's so unreal, the light that  
    you're shining  
You make me feel like the darkness  
    won't matter  
Cause you and i don't care when  
    the day is gone  
We don't need the break of dawn  
We don't need the break of dawn  
    (Chorus x2)  
And i will always know where you are  
Cause i can see you glow in the dark  
    We got the stars and moon in us  
    We're always gonna be luminous  
The world is frozen, your body's warm  
We fall out of our bed the city falls  
    asleep and we're reborn  
Won't bother to seize the day  
We don't care, no, cause  
    We own the night,  
    As soon as you kiss me  
    The sun'll hide  
    Ain't gonna miss it  
Cause you and I don't care when the  
    day is gone  
We don't need the break of dawn  
    (Chorus x2)
