

Salma Hayek

The Bar Feeders

She visits me in a dream and
she looks like an angel and
she taste like honey and for
her there's no one but me -
then I jump real high and
write her name in the sky -
she says "god you're romantic,
I think I'm gonna cry"

Salma Hayek - Puts me in a daze for hours

Salma Hayek - Makes me wanna buy some flowers

Salma Hayek - Lives down south in mexico

Salma Hayek - That's where I'm gonna go

So I hijack Ms. Hayek in
her kyack then fly back
home and get down - If I
can find a way I'll get her
to stay or have a heart
attack trying and fall into a
puddle and drown

Salma Hayek - amorosa y amable

Salma Hayek - sabia veraz y dulce

Salma Hayek - Venir conmingo mi preciosa

Salma Hayek - casar me en santa rosa
