

Anxious Heart

Cindy Bullens

Don't mind me
I'm half crazy about you
And I don't mean to doubt you
But, oooo, I got an anxious heart
You've been gone
So damn long that it seems
I've fallen for a bad dream
I guess I got an anxious heart Put me away
Tell me I don't deserve you
Well, you ain't got the nerve to
I don't mind the times you lied
It's alright
Just come home to me tonight
And take away my anxious heart
Put me away; tell me I don't deserve you
Well, you ain't got the nerve to
I don't mind the times you lied
It's alright
Just come home to me tonight
And take away my anxious heart Please take away my anxious heart.
