Temptations

Egostereo

Immature, come again
With another one, ya heard?
That's right
Ninety nine, for you mind
You can not bring back, no, oh, broken heart
You can not bring back my love
So why you go and play on me?
(You tried to play on me, you tried to play on me)
(Yeah, yeah, yeah)
Temptations of a broken heart, oh, oh
(Wha-wha-what?)
(What? What? What? What? What?)
It started out as a normal argument to make me mad
You messed with him, the lies you told
You got caught, not gonna clown
Just tempted to play back on you
Girl, it's plain
(It's plain)
What are you trying to prove?
You messed with me, he'll mess with you too
Girl tell me what you're trying to do, do
Temptations of a broken heart, you can not bring back my love
I didn't mean to do you wrong, you can not bring back my love
So why you go and play on me? You can not bring back my love
Temptations of a broken heart, you can not bring back my love
I cannot think, too much on me
Never thought of love like this
(Yeah, yeah)
Would last so long but I am wrong
Truly, I can fix the love we had
But you did me wrong
I brought the best out of you
That's why you want me back
I ran a game but I apologize
You ran a game but you told me lies
Temptations of a broken heart, you can not bring back my love
I didn't mean to do you wrong, you can not bring back my love
So why you go and play on me? You can not bring back my love
Temptations of a broken heart, you can not bring back my love

Temptations of a broken heart
You can not bring back
You can not bring back my love
You can not bring back
I didn't mean to do you wrong
So why you go and play on me?
You can not bring it back to me, oh yeah
Temptations of a broken heart
You can not bring back my love
You said you had a love for me
But when we fell out, you played games on me
And it's clear to see that what you do when it's killing me
Now it's too late, what's done is done
You cannot bring back my love 'cause I have a broken heart
You don't know where I been, Ra-Ra back again
Came to set it straight, straight
Sippin' on Cavace
Niggaz all about that pay
Ride to the top with no V8
Be mad, top 6, double 0 for the day
Tell me, tell me, tell me, what you gotta say
Took my love for granted, granted
Now I'm about to let you have this
Now I got plenty girls
Wanna take me all around the world
You want me back, it's too late
Found a chick to take your place
It's a girl from around the way
Told you, ain't got time to play, what?
Temptations of a broken heart, you can not bring back my love
I didn't mean to do you wrong, you can not bring back my love
So why you go and play on me? You can not bring back my love
Temptations of a broken heart, you can not bring back my love
Temptations of a broken heart, you can not bring back my love
I didn't mean to do you wrong, you can not bring back my love
So why you go and play on me? You can not bring back my love
Temptations of a broken heart, you can not bring back my love
Temptations of a broken heart, you can not bring back my love
I didn't mean to do you wrong, you can not bring back my love
So why you go and play on me? You can not bring back my love
Temptations of a broken heart, you can not bring back my love
