Man With the Golden Gun

Alice Cooper

The man with the golden gun
Is waiting somewhere out there for you
But you'll never see him
He'll be looking for youDemand for the golden gun
It's high priced, precise and true
But you'll never see him
He'll be looking for youThe man with the golden gun in his pocket, oh, oh
The man with the golden gun in his case, oh, oh
The man with the golden gun in your faceBut you'll never see him
He'll be looking for you
You better believe
He'll be looking for youHe's, the man with the golden gun in his pocket
The man with the golden gun in his case
The man with the golden gun in his pocket
The man with the golden gun in your faceBut you'll never see him
He'll be looking for you
You better believe
He'll be looking for youHe's, the man with the golden gun in his pocket
The man with the golden gun in his case
The man with the golden gun in his pocket
The man with the golden gun in your faceThe man with the golden gun in his pocket
The man with the golden gun in his case
The man who gave you the golden gun
