

# Lady

## The Datsuns

Lady  
You got me feelin' low, yeah  
I felt sick, yeah  
I just can't let you go, yeah What you want, you might get  
I feel good but I might regret it  
I come around but you'd hardly know  
I come around and scream, take me back Lady, lady  
Lady, take me back  
I said, lady, lady  
Lady, take me back I got that feeling little love  
It makes it feel so sick  
I know she just an acid love  
That makes me, makes me scream What you want, you might get  
I feel good but I might regret it  
I come around but you'd hardly know  
I come around and scream, take me back Lady, lady  
Lady, take me back  
I said, lady, lady  
Lady, take me back What you want, you might get  
I feel good but I might regret it  
I come around but you'd hardly know  
I come around and scream, [Incomprehensible] Lady, lady  
Lady, take me back  
I said, lady, lady  
Lady, take me back [Incomprehensible] Lady, lady  
Lady, take me back  
I said, lady, lady  
Lady, take me back, lady
