

# Jackie Blue

## The Smashing Pumpkins

Ooh, hoo, Jackie Blue  
Lives a life from inside of her room  
Hides a smile when she's wearing a frown  
Ooh, Jackie, your not so down  
You like your life in a free form style  
You'll take it in and spread your love a mile  
There never seems to be quite enough  
Loving around us when your loving comes  
Ooh, hoo, Jackie Blue  
What's a game, ooh, that you never lose  
Ask a winner and you'll probably find  
Ooh, Jackie they lost you some time

Don't try tell me that you're not aware  
Of what you're doing and that you don't care  
You say that it's easy, just a natural thing  
Like playing music that you've never seen  
Ooh, hoo, Jackie Blue  
Making wishes that never come true  
Going places where you've never been  
Ooh, Jackie, you've blown it again  
Ooh, hoo, Jackie Blue  
Lives a life from inside her room  
Makes you think that life is a drag  
Ooh, Jackie, what fun you have had
