Nobody Home

Ray Majors

Don't run too fast like a shot from a gun
Don't jump too high and knock out the sun
Don't stray too far out on your own
When you finally come knocking
When you finally come knocking there'll be nobody home
Don't pull too hard like a kite in the wind
You're gonna break the string when I reel you in
Don't take off flying all on your own
When you finally come knocking
When you finally come knocking there'll be nobody home, nobody home
You say you're feeling locked inside
Stuck inside to stay you wanna fly away
There's really nothing I can do
To help you make your play make your getaway

Don't dream too wild and shoot for the moon
Don't ride your heart like a balloon
Don't blow away to places unknown
'Cause when you finally coming knocking
When you finally come knocking there'll be nobody home, nobody home
Don't run too fast like a shot from a gun
Don't jump too high and knock out the sun
Don't stray too far out on your own
'Cause when you finally come knocking
When you finally come knocking there'll be nobody home, nobody home
When you finally come knocking
When you finally come knocking there'll be nobody home, nobody home
When you finally come knocking
When you finally come knocking there'll be nobody home, nobody home
