

# It's Your Life

[Glenn Frey](#)

It's your life, do what you've got to do  
It's your dream and sometimes dreams come true  
I just want to say, I believe in you  
It's your heart that tells you right from wrong  
If you leave too soon or if you stay too long  
If it's meant to be, only time will tell  
If you have to leave, then I'll say farewell  
It's your life, do what you've got to do  
If it's here with me or with someone new  
I know it's hard but it's up to you  
It's your life  
It's your life, do what you've got to do  
It's your dream, you've got to see it through  
When the road gets rough and you're feeling blue  
When you've had enough, I'll be there for you
