

Forever In Your Love

Shanice

Yeah baby
I wanna tell, I wanna tell you, baby
What's goin' on, yeah

So you call me up and say
"Girl what's goin' on?"
Someone told you I had done you wrong
People always talkin' sayin' crazy things
(Yeah)
It's just jealousy

Well, if you wanna know the truth boy
I'm tellin' you, hey, he was just a friend of mine
If we start to question each other, it'll tear us apart
Baby let's not start

Don't you doubt my love, don't you doubt my love
I'm never gonna give you up, who can you believe
Your friends or me, I'm not gonna leave
Oh baby, I will always be

Forever in your love
Forever in your love
Forever in your love
Forever in your love

Stood right by your side, babe
Held you through the night, I never let you down
When you need someone to believe in
Put your trust in me ain't that what love's about?

Don't you doubt my love, don't you doubt my love
I'm never gonna give you up, who can you believe
Your friends or me, I'm not gonna leave
Oh baby, I will always be

Forever in your love
Forever in your love
Forever in your love

Forever in your love

When I'm home sitting alone thinking about you, yeah
And what we do together makes me want more
'Cause I'm sure that I'm forever in your love
What you do for me

You know a kiss from head to toe
Makes me wanna scream to the heavens up above
Knowing that I'm forever in your love
Baby, yeah, word to your mother

Don't you doubt my love, don't you doubt my love
I'm never gonna give you up, who can you believe
Your friends or me, I'm not gonna leave
Oh baby, I will always be
