

# Her

## Aaron Tippin

What makes me get up every mornin'  
When I can't find the will  
And what keeps me goin' through the motions  
When all my dreams are standing still  
Why do I try so hard  
How did I get this far  
What is the bottom line each and every time I do it for her  
It's all about her  
God knows she gives me more than I deserve  
Every thought I think  
Every breath I breathe  
Everything that I hold dear to me  
Revolves around one simple little word  
Her There's times I take it all for granted  
Just how fortunate I am  
God knows it took a better woman, to make me a better man  
Oh, sometimes it don't show  
Don't always let her know  
What I couldn't live without  
I know there ain't a doubt I do it for her  
It's all about her  
God knows she gives me more than I deserve  
Every thought I think  
Every breath I breathe  
Everything that I hold dear to me  
Revolves around one simple little word  
Her She's my life's work  
And for all that it's worth I do it for her  
It's all about her  
Oh God knows she gives me more than I deserve  
Every thought I think  
Every breath I breathe  
Everything that I hold dear to me  
Revolves around one simple little word  
Her Talkin' about her
