Clutch

Ribonucleic acid freak out
The power of prayer
Long halls of science
And all the lunatics committed thereRobot Lords of Tokyo
Smile taste kittens
Did you not know that the
Royal hunting grounds are always forbidden?Are you rolling tape now?
Bits and pieces large and small
Sector, vector, eat them all
Its already in their eyes
Among the metal ones
A messenger will soon arrive10001110101
Periodic table with a center piece of mind

Periodic table with a center piece of mindMan alive, the jive and lyrics
Radioactive, dont come near it
Temple of Syrinx having
The bake sale of the yearMan alive, the jive and lyrics
Radioactive, dont come near it
Temple of Syrinx having
The bake sale of the yearAint nothing you can do about it
Gonna be a big brawl over it
Like them little bitty babies
In the king cakesBonnie and Clyde
The whole dome
The shackles of automata
Will shatter like their bones10001110101
