It's a Woman's World

The Four Aces

Woman's world it's a woman's world when she's in loveIt's a woman's world when she's in love
It's a woman's world, his kiss can make her glow
And that's what makes it so, it's a woman's worldIt's a woman's world, stars dance above
It's a lovely world, his footstep at the door
Just proves it more and moreHis hopes, his dreams and his ambitions
All the ups and downs she'll gladly share
She'll give her all without conditions
When he looks around, she'll be thereIt's a woman's world, ask any man
It's a woman's world, and he's so glad it is
For when it's hers it's his
It's a woman's world, but only because it's hisIt's a woman's world, ask any man
It's a woman's world, and he's so glad that it is
For when it's hers it's his
It's a woman's world, but only because it's hisWoman's world it's a woman's world when she's in love
