

It's a Woman's World

The Four Aces

Woman's world it's a woman's world when she's in love
It's a woman's world when she's in love
It's a woman's world, his kiss can make her glow
And that's what makes it so, it's a woman's world
It's a woman's world, stars dance above
It's a lovely world, his footstep at the door
Just proves it more and more
His hopes, his dreams and his ambitions
All the ups and downs she'll gladly share
She'll give her all without conditions
When he looks around, she'll be there
It's a woman's world, ask any man
It's a woman's world, and he's so glad it is
For when it's hers it's his
It's a woman's world, but only because it's his
It's a woman's world, ask any man
It's a woman's world, and he's so glad that it is
For when it's hers it's his
It's a woman's world, but only because it's his
Woman's world it's a woman's world when she's in love
