

Seeing Red (Demo 1999)

Entombed

I'm seeing red
It helps me see things straight
I'm doing everything
For the purpose of improvement Don't ask me why
'Cause it don't faze me one iota
I'm the alpha and omega
The beginning and the end It's just the warm up for the work ahead
Food for my mind, emotionally seared
Beckons as big as an atomic-bomb
Wipe off my cosmetic tears
I'm seeing red I open my eyes
It roots me to the spot
So young at heart
Independent in thought and mind Test my nerves
I'm doing this for kicks
And it gives me everything
That is here for me to find Don't ask me when I began to hate
'Cause I don't recall a time I didn't
Am I the only one of my kind?
No!? And who is not a parasite?
Can you name me just one?
I see your eyes and I know for a fact
I'm not your only son
