

It Fills You Up

Van Morrison

There's something going on
It fill you up, it fill you up, it fill you up now
There's something going on
It fill you up, it fill you up, it fill you up now But you don't know what it is
But you don't know what it is
But you don't have to know
You just take it for what it is Within this melody, it fill you up, it fill you up, it fill you up now
There's more then you can see, it fill you up, it fill you up, it fill you up now
There's another realm, there's another world, with kings and queens Yeah, yeah That's why you got to face the
facts
That's why you gotta testify
You gotta do and die It fill you up, it fill you up, it fill you up now
You got to do in that
It fill you up, it fill you up, it fill you up now You got to sing with the music and groove
You got to turn on the music and groove
Every, every, every day You know what I'm talking about
It fill you up, it fill you up
It fill you up, it fill you up, it fill you up now, yeah
It fill you up, it fill you up, it fill you up now, yeah It fill you up, it fill you up, it fill you up now
Get you rolling in the money
It fill you up, it fill you up, it fill you up now
Work out a few kinks It fill you up, it fill you up, it fill you up now
It fill you up to the brim Jim
It fill you up, it fill you up, it fill you up now
Lord have mercy It fill you up, it fill you up, it fill you up now
It fill you up, it fill you up, it fill you up now
Come here baby
