

# This Song

## James Wallace

This song has nothing tricky about it  
This song ain't black or white and as far as I know  
    Don't infringe on anyone's copyright, so  
This song, we'll let be, this song is in E  
    This song is for you and  
    This tune has nothing bright about it  
This tune ain't bad or good and come ever what may  
    My expert tells me it's okay  
    As this song came to me unknowingly  
    This song could be, you could be  
    This riff ain't trying to win gold medals  
    This riff ain't hip or square, well, done or rare  
    End up one more weight to bear  
    But this song could well be  
    A reason to see that  
Without you, there's no point to this song  
    But this song could well be  
    A reason to see that  
Without you, there's no point to this song
