

Read Your Mind (Single)

Avant

Yes don't close the door
Listen,
I've been waiting to tell you this,
You are, more than a man could ever want,
Wait a minute just let me that, listen I stepped in a club in your hood,
I slowly turned left and there you stood,
You and your friends talkin' but when our
Eyes commit I knew then, it was just like two ways on me
I'm your king, be my queen and what eva you want to do tonight
My truck is parked out front so lets ride, I can read your mind babe (oh)
I know what you're thinking (I know what you're thinking) (baby)
It's all right (with me baby)
It's all right, (yes) I can read your mind babe, (I can)
I know what you're thinking (I know what you're thinkin)
It's alright (with me)(yeah yeah) it's all right (yes) So baby take a ride with me and I'll full fill all your fantasies
And when the rain starts pouring down then all the love that's
Lost will be found, I'll make your mind lose control, over your
Body that's my goal, so baby just come down here, just let the
Gravity pull you near me I can read your mind babe, (I can)
I know what you're thinking (I know what you're thinkin)
It's alright (can you feel me yeah)
It's all right (yes)
I can read your mind (just me and you right now)
I know what you're thinking (I got an idea baby, yeah)
It's all right, It's all right I know you want to rub,
I know you want to touch,
I know you want to feel,
So baby keep it real,
I know you want to see,
I know you want to be in my B-E-D Grinding slowly,
I know you want to rub, I know you want to touch,
I know you want to feel, so baby keep it real,
I know you want to see, I know you want to be in my B-E-D grinding slowly I can read your mind babe (I can
read it)
I know what you're thinking (and I know)
It's all right (you see I know what you know cause I can do it too baby)
I can read your mind babe (just me and you yeah)
I know what you're thinking (I know)
It's all right, oh oh yeah its all right (yeah) Want to love you baby that's what I want to do to you

Want to feel you, if you come, if you come
Want to love you baby
Oh oh oh yeah
I want to feel you girl
Want to love you baby I want you to stay with me
I want you to stay with me baby
