Bridge Across Forever

Highway 101

Well, I'm sorry if I questioned your intentions
It's just that honesty is awfully hard to find
I might end up in an honorable mention
Then again, I might end up with first prizeI ain't lookin' for a knight in shining armor
I don't believe that much in fairy tales these days
You don't have to ride me off into the sunset
I'm woman enough to get there my own wayWoah, I don't need me another savior
A long, long time ago, I saw the light
All I need is a bridge across forever, uh huh
Someone to meet me on the other sideWell, it's a long hard fall from being lonely
But if you don't look down, you won't be afraid
Just look into my eyes and then you'll realize
That I'll be there to meet ya there every way
