

# This Year's Kisses

Lester Young

This year's crop of kisses  
Don't seem as sweet to me  
This year's crop just misses  
What kisses used to be  
This year's new romance  
Doesn't seem to have a chance  
Even helped by Mr. Moon above  
This year's crop of kisses is not for me  
For I'm still wearin' last year's love
