Let's Forget About It

Lisa Loeb

I told you I was sorry, I told you I was wrong
I said it was an accident and don't tell anyone
But you love to circle round and round, you're so misunderstood
Yeah, you love to circle round and round and you know that we shouldForget about it
Let's forget about itYou lied about how much you knew, I thought you were my friend
You lied upon the mattress, c'mon tell me where you've been
You lied about this night apart, you lied about the room
If you're gonna have to lie to me thenLet's forget about it

Let's forget about it Let's forget about it

Let's forget about itAnd I'll stop crying on the mountain that we made From a molehill where we spilt the milk

Yeah I'll stop crying on the mountain that we made

From a molehill where we spilt the milkSo you say this never happened, just not the way I thought

Did I throw this out of focus, or was it just the way we fought?

That it seemed to me you took this girl
But you swear to God it's notLet's forget about it
Let's forget about it
Let's forget about it
Let's forget about it!
Let's forget about it!
It stop crying, if you'll stop
I'll stop crying, if you'll stop
I'll stop crying, if you'll stop lying to me
