# Dragonfly Pie

## Stephen Malkmus

Of all my stone digressions
Some have mutated into the trees
Not a spoof
You are the pole expression of all your parents laws which you parsed
There's no r'sCan't be what you oughta be
Gotta be what you wanna beTake it with pride
Like a dragonfly
Dragonfly wants a piece of pie
But he is so strung outShake me off the knife because I want to go home (x 4)Curse the the beat made after jazz songs
High school principles
Show and tell
Preach and yellGhostly Iraqi and starship
Ghostly Itena Van Gogh
No more signs
No more linesCan't be what you wanna be
Gotta be what you oughta beTake it with pride
Like a dragonfly
Dragonfly wants a piece of pie
But he is so strung outShake me off the knife because I want to go home (x 4)
