

# Dragonfly Pie

Stephen Malkmus

Of all my stone digressions  
Some have mutated into the trees  
Not a spoof

You are the pole expression of all your parents laws which you parsed

There's no r'sCan't be what you oughta be  
Gotta be what you wanna beTake it with pride  
Like a dragonfly

Dragonfly wants a piece of pie

But he is so strung outShake me off the knife because I want to go home (x 4)Curse the the beat made after jazz  
songs

High school principles

Show and tell

Preach and yellGhostly Iraqi and starship  
Ghostly Itena Van Gogh

No more signs

No more linesCan't be what you wanna be  
Gotta be what you oughta beTake it with pride  
Like a dragonfly

Dragonfly wants a piece of pie

But he is so strung outShake me off the knife because I want to go home (x 4)
