The Birthday Song

Corrinne May

Don't worry about that extra line
That's creeping up upon your face
It's just a part of nature's way
To say you've grown a little more
Trees have rings and thicker branches
Kids shoes get a little tighter
Every year we're getting closer to who we're gonna be
It's time to celebrate the story of how you've come to beHappy birthday my friend
Here's to all the years we've shared together
All the fun we've had
You're such a blessing
Such a joy in my life
May the good Lord bless you
And may all your dreams come trueSo light a candle on your cake
For every smile you've helped create
For every heart and every soul
You've known to grow a little more
A few more pounds, a little more grey
Don't count the years just count the way
It takes a little time to go from water into wine
Don't ever lose the wonder of the child within your eyesHappy birthday my friend
Here's to all the years we've shared together
All the fun we've had
It's such a blessing
Such a joy in my life
May the good Lord bless you
And may all your dreams come true
