

My Everything

98 Degrees

The loneliness of nights alone
The search for strength to carry on
My every hope has seemed to die
My eyes had no more tears to cry
Then like the sun shines from up above
You surrounded me with your endless love
And all the things I couldn't see
Are now so clear to me You are my everything
Nothing your love won't bring
My life is yours alone
The only love I've ever known
Your spirit pulls me through
When nothing else will do
Every night I pray
On bended knee
That you will always be
My everything Now all my hopes and all my dreams
Are suddenly reality
You've opened up my heart to feel
A kind of love that's truly real
A guiding light that'll never fade
There's not a thing in life that I would ever trade
For the love you give it won't let go
I hope you'll always know You are my everything
Nothing your love won't bring
My life is yours alone
The only love I've ever known
Your spirit pulls me through
When nothing else will do
Every night I pray
On bended knee
That you will always be
My everything Oh
You're the breath of life in me
The only one that sets me free
And you have made my soul complete for all time
For all time You are my everything
Nothing your love won't bring
My life is yours alone

The only love I've ever known
Your spirit pulls me through
When nothing else will do
Every night I pray
On bended knee
That you will always be
My everything You are my everything
Nothing your love won't bring
My life is yours alone
The only love I've ever known
Your spirit pulls me through
When nothing else will do
Every night I pray
Down on bended knees
That you will always be
My everything, oh my everything
