

Cooler than me

The numbers one

If I could write you a song to make you fall in love
I would already have you up under my arm
I used up all of my tricks, I hope that you like this
But you probably won't, you think you're cooler than me
You got designer shades just to hide your face and
You wear them around like you're cooler than me
And you never say "Hey" or remember my name
And it's probably 'cause you think you're cooler than me
You got your high brow shoes on your feet
And you wear them around like it ain't it
But you don't know the way that you look
When your steps make that much noise
Shh, I got you all figured out
You need every one's eyes just to feel seen
Behind your make up nobody knows who you even are
Who do you think that you are?
If I could write you a song to make you fall in love
I would already have you up under my arm
I used up all of my tricks, I hope that you like this
But you probably won't, you think you're cooler than me
You got designer shades just to hide your face and
You wear them around like you're cooler than me
And you never say "Hey" or remember my name
And it's probably 'cause you think you're cooler than me
You got your high brow switch in your walk
And you don't even look when you pass by
But you don't know the way that you look
When your steps make that much noise
Shh, I got you all figured out
You need every one's eyes just to feel seen
Behind your make up nobody knows who you even are
Who do you think that you are?
'Cause it sure seems you got no doubt
But we all see you got your head in the clouds
If I could write you a song to make you fall in love
I would already have you up under my arm
I used up all of my tricks, I hope that you like this
But you probably won't, you think you're cooler than me
You got designer shades just to hide your face and

You wear them around like you're cooler than me
And you never say "Hey" or remember my name
And it's probably 'cause you think you're cooler than me
