Girlfriend

Pebbles

To believe
Or not to believe
That is the question
It just takes a street degree
You've lied your last lie
And I've cried my last cry
I'm out the door, babe

There's other fish in the seaGirl, make a list Go out and find yourself a new bad thing Girl, you need a trip

'Cause he's not worth the misery and pain
Just remember how he would tell you lies
And then pretend that everything is so sweet
Why should you sacrifice if you're not satisfied
He's just a canine runnin' 'round in heatGirlfriend
How could you let him treat you so bad, oh

Girlfriend

You know you were the best he ever had, oh, oh, oh Girlfriend

How could you let him treat you so bad, oh Girlfriend

You know you were the best he ever had, oh, oh, ohGirl, you must resist Don't let him squirm his way into your heart

No, girl, I must insist

You've got to stop the fool before he starts

Just remember how he was so untrue With all the tacky things he did to you

No need to signify 'cause he's not worth your time

You need to signify cause he's not worth your time
You need to find someone that's true to youGirlfriend

How could you let him treat you so bad, oh
