

Simply Unstoppable

Tinie Tempah

Advisory - the following lyrics contain explicit language:

Blah, yeah, simple
Honey, I'm a fine boy, no pimples
I've done dj vu, I've done dingles
And fuckin' everybody wants me on their single
My mom 44 years with no wrinkles
I got a hundred thousand on me I could sprinkle
All year my house covered in tinsel
I gone pop and I won't stop Pringles, yeah
So involved in this moment, I can't let it go
Tik tok, check my Roley wrist watch
Fuck how much a drink cost, we about to kick off like
It's outrageous and sophisticated, it's all in the air
The big boss make 'em jump like Kriss Kross
Girl, you better turn me on 'cause I'm about to switch off
I can't explain it, cool
But you're gonna love this, yes
So crazy outrageous
Simply unstoppable, fresh
I can't explain it, cool
But you're gonna love this, yes
So crazy outrageous
Simply unstoppable, fresh
I think I should remind 'em
I'm about to clean up like a Dyson
'Cause I just say how it is like Simon
I like the taste of alcohol, I got wine gum
I don't ever wanna hear another siren
Them high rises can block your horizon
Disturbing London is the city that I'm from
Where if we like the tune, we make the DJ rewind 'em, yeah
So involved in this moment, I can't let it go
Tik tok, check my Roley wrist watch
Fuck how much a drink cost, we about to kick off like
It's outrageous and sophisticated, it's all in the air
The big boss make 'em jump like Kriss Kross
Girl, you better turn me on 'cause I'm about to switch off
I can't explain it, cool
But you're gonna love this, yes
So crazy outrageous
Simply unstoppable, fresh
I can't explain it, cool
But you're gonna love this, yes
So crazy outrageous

Simply unstoppable, freshYeah, I better make 'em say, ooh
Some Alize and some Grey Goose
I said no to like six or seven labels
I used to sit next to Rachel in Saint Paul'sMy fans are crazy with stencils and staples
I came to cause a bit of chaos and to break rules
If you ain't me, you it ain't cool
Hey baby, bring another bottle to the tableI can't explain it, cool
But you're gonna love this, yes
So crazy outrageous
Simply unstoppable, freshI can't explain it, cool
But you're gonna love this, yes
So crazy outrageous
Simply unstoppable, freshCool
Yes
Fresh
