

Diddley Daddy

[Chris Isaak](#)

[Chorus: x4]

Diddley, diddley, diddley, diddley, daddy Well I got a baby whose oh so pretty

Found her right here in this knock dead city

Saw somebody kissing my baby last night

My baby said Jimmy that's all right [Chorus: x3] Baby now baby understand

Jimmy looks good but he's a happy man

Roly looks good but he's oh so cold

That big ol' drummer gonna wreck your soul [Chorus: x3] Two orphan babies were a laying in the bed

The big one turned to Jimmy and said

"I love you Jimmy with all of my heart"

Jimmy woke up and tore the place apart [Chorus: x3] Well baby now baby hear my scene

I want to know if you do love me

I love you baby with all my heart

Oh please don't ever say we will part [Chorus: x2] A-be-by-bick-ya-bye-go-go-go-yeah!
